

I initially called Birthright to schedule an abortion. I had the \$450 needed to cover the cost. Before the phone call I thought about a self-induced miscarriage. But then I thought I did not want to hurt myself since I already had kids. I cried and cried. I wanted the abortion so badly. I couldn't get a ride to Planned Parenthood and when I finally figured out transportation, I was too far along in my pregnancy to obtain an abortion. Well, I'll go to a Charlotte, NC to obtain a later term abortion. Traveling to Charlotte, NC was impossible because of transportation again!

During my phone call with a Birthright Staff member I agreed to schedule a meeting with them. The time with the volunteer was incredible — I found a listening ear and a shoulder to lean on. However, I still wanted the abortion so badly!

Days went by and I realized God sent the Birthright Staff person with a sign to follow my heart. The support received from Birthright of Columbia has been consistent and constant.

I am now enjoying my pregnancy. My children make me feel alive. It's not easy but I am blessed by Birthright's support and care. My sixth child (he's a boy!) is due March 2020 thanks to Birthright.

OVER OUR ALMOST 40 YEARS IN COLUMBIA, Birthright has assisted thousands of pregnant girls and women in their struggle to manage their unexpected and problem pregnancies. In a typical year, Birthright has:

- » assisted with over 1400 calls and office visits
- » helped 516 clients
- » conducted 288 pregnancy tests; 76.4% were positive and 23.6% were negative
- » counselled 36 abortion minded clients
- » trained 15 office volunteers
- » supported 81 fathers of the babies who accompanied the pregnant mom

BIRTHRIGHT BABY SHOWER

Birthright, in conjunction with UofSC Student Nurses, holds two Baby Showers a year — one in the spring and one in the fall — for our pregnant clients and all pregnant moms in the community. They are invited to a joyful and spirited celebration to honor them and their babies with much needed love, hope and baby items. The moms enjoy games, nutritious food, win prizes, and select their baby clothes and health care items. Each mom goes home with an armful of gifts but also is celebrated in the special way she deserves.

WNOK RADIO CLIENT TESTIMONIES

Testimonies from current and previous clients will be aired on WNOK 104.7 FM Radio. This initiative will attempt to reach potential clients that are pregnant and identify as white females, ages 20-29. This population currently comprises less than 10 percent of clients who contact Birthright.

These public testimonies of Birthright’s services and support will reach this targeted demographic who are listeners to WNOK. To listen to these audio recordings, visit the Client Testimonials page on the BirthrightofColumbia website.
